GKM R8 Media List 12Aug15.docx

I only added 2 email addresses. See attached.

Heading home...OGC still sitting on docs and no guarantee we'll get them tonight. Apparently there's a confidentiality agreement in the Work Plan so it can't be released until EPA gets it waived.

Laura-- wish I could say the same! Maybe tomorrow. Did you add to the media list today? If so, can you send me updated?

If it happens I will push this evenings data release out, as it may be late.

Paula, Rich, and Lisa:

Just wanted to let you know everything is under control here with respect to media requests. I've received several calls and emails from people who first tried to reach Rich and – so far – I've had no problems with any of the requests. Please feel free to keep sending requests my way.

I also just finished going through a bunch of media requests that came into R8EISC and, again, no problems handling any of the requests (passed nearly all to [Press@epa.gov](mailto:Press@epa.gov) but was able to clear a few by sending out the website link).

As soon as OGC releases the GKM Work Plan and Tim can post it, I'll make sure Bruce Finley gets the link and then will head home.

If there's anything I can help you with, please don't hesitate to ask!
